MINISTRY OF LANDS, PUBLIC WORKS, HOUSING AND URBAN DEVELOPMENT

Ministry of Lands, Public Works, Housing and Urban Development has been in existence, though as different departments of various ministries that implemented housing policies at different times. This can be traced from the 1960's, 1970s and the 1980s.

In the 1980's there existed the Ministry of Housing and Social services, which later became the Ministry of Housing. Between 1990s and 2004, Housing was together with Roads and Public Works as the Ministry of Roads, Public Works and Housing. In 2004, Housing was moved to the Ministry of Lands and Settlement and the new ministry was named Ministry of Lands and Housing. Despite the inconsistency in placement of the key docket of Housing, the core functions of the departments that currently constitute the Ministry of Housing have remained the same. In December 2005, following Government reorganization, the Ministry of Housing was re-established.
