CHAIRMAN'S NOTE

BRIDGING THE GAP BETWEEN INNOVATION AND REAL-WORLD APPLICATION

It is with immense pleasure that I welcome you to the 37th Edition of the Kenya Homes Expo, the region's most consistent, impactful, and trusted marketplace for the built environment. This edition theme is "innovative solutions"-a call to action for stakeholders to embrace smart, sustainable, and future-forward thinking in the way we design, build, finance, and live.

For the next four days-24th to 27th April at the KICC, we welcome you to innovative displays backed up with a powerful panel discussion that will shape the dynamics in the housing sector. Now in its 20th year of operation, the Kenya Homes Expo continues to deliver with unmatched consistency, bridging the gap between innovation and real-world application.

With each edition, we have raised the bar in numbers relevance, depth of engagement, and the tangible value offered to our stakeholders.

The 37th edition affirms this legacy with an even broader reach, deeper conversations, and smarter solutions for today's and tomorrow's real estate needs.

This year's Expo brings together a rich mix of over 200 exhibitors, spanning:

- Residential and commercial property developers
- Architects, planners, and interior designers
- Furniture and fittings specialists
- Construction technology and equipment providers
- Financiers, mortgage lenders, and insurance companies
- Government agencies and regulators
- Smart home solution providers and green energy firms

Such a diverse representation reinforces the Expo's position as the most ideal forum for discovering new opportunities, forming partnerships,

*Mr. Daniel Ojjo, Executive Chairman,
Kenya Homes Expo*

launching products, and understanding the ever-evolving dynamics of the real estate and housing sector.

Central to this year's showcase is a powerful series of panel discussions and curated forums, led by renowned industry experts, government stakeholders, global consultants, and innovative entrepreneurs. These sessions will address:

- Affordable housing and public-private partnerships
- The integration of green and smart technologies
- Construction financing and property ownership models
- Policy shifts and their impact on the real estate landscape

This forum is more than an exhibition-it is a living, breathing conversation about the future of our cities and communities. It is a thought leadership platform where new trends are identified, ideas are tested, and visionary solutions are born.

To our exhibitors, we thank you for your trust in this platform and for continuously raising the standard. To our visitors, welcome to a world of opportunities-whether you are buying your first home, seeking your next investment, exploring new technologies, or simply looking for inspiration.

Let this Expo be a spark for innovation, collaboration, and opportunities.

The BIGGEST Homes Show in East & Central Africa

Homes Kenya Magazine is the glossy, high-quality publication of record, that uniquely sets the pace in home living standards, while informing home owners, potential home buyers and living connoisseurs on the latest trends. Currently published once every two months, the magazine has insightful articles on living, property, inspiration, travel and leisure.

Frequency Bi-Monthly

Homes Kenya Magazine has been a model of consistency in the publishing market since 2005. We are the de facto voice for the real estate space within Kenya and the East and Central African region. Our product is driven by an accomplished Editorial team, well versed on the property market and conversant with all nuances within this vibrant sector. Excellence is not a standard we aim for, it is merely a goal we seek to exceed with each issue.

Editorial Pillars

- Real Estate
- Interior Décor & Gardening
- Leisure and Travel
- Finance & wTechnology

Circulation

Our distribution network covers an impressive range, both within Kenya, the East and Central African region and further afield. Primarily targeting influencers - over 85% of our readers qualify as high net worth individuals - our readership span extends to a loyal secondary market, reaching out to all levels of society. The feedback we regularly get is proof that our product addresses the interests of our clientele and market, thus greatly expanding our already impressive list of consumers.

Kenya Homes Expo

Kenya Homes Expo is East and Central Africa's biggest homes show, a forum that brings together all real estate stakeholders to discuss and display sector trends. Since 2005, we have offered real estate stakeholders an additional medium for networking, meeting visitors who have a buying capability - face to face and sealing deals. Over the years, Kenya Homes Expo has been able to generate not only high quality audiences and sale leads for exhibitors but also great bargains for attendees.

Why exhibit with us?

Over 90% return exhibitors
Join our list of growing exhibitors to enjoy repeat business opportunities that other stake holders have enjoyed relentlessly every year.

Affluent visitors

Kenya Homes expo records over 40,000 affluent visitors every edition. One of our competitive strengths is filtering traffic that ensures only affluent and relevant traffic flows into the exhibition, offering our exhibitors a rich flow of visitors that they cannot get in any other homes expo in the region. The expo also receives visitors from neighboring countries and Kenyans abroad looking for investment opportunities in the growing Kenya Real estate market.

Biggest Homes Show

Previous editions have recorded up to 180 exhibitors, both local and international. When you exhibit with us, you are exhibiting in the premium exhibition regionally.

(chandeliers, ceiling lights, outdoor/solar garden lights), bathroom accessories (vanity cabinets, toilets, basins), kitchen sinks, tiles, locks, and smart switches/sockets. Highlights feature durable, stylish designs like waterproof vanity cabinets, weatherproof outdoor lights, and low-maintenance solar solutions.

A key focus is LED retrofits, which reduce energy costs, improve light quality, and support environmental goals. Benefits include no UV/IR emissions, dimmable options, and enhanced ambience. The company tailors projects to client needs, ensuring energy savings, safety, and productivity gains.

Headquartered in Nairobi, Kenya, Diamond Lighting & Interiors combines expertise in cutting-edge technology with a dedication to affordability and elegance, helping clients achieve luxurious, eco-friendly spaces.
