CHAIRMAN'S NOTE

Mr Daniel Ojijo Executive Chairman, Kenya Homes Expo

It is with immense pride and gratitude that I welcome you to the 38th Boma Yangu Kenya Homes Expo, the region's largest and most influential homes exhibition - a convergence of visionaries, innovators, builders, and dreamers shaping the future of how we live, work, and invest.

We are deeply honored to have the **Affordable Housing Board (AHB)**, through its flagship initiative **Boma Yangu**, as our Platinum Sponsor. Their commitment to making home ownership a reality for millions of Kenyans is commendable and inspirational. Through transparent systems and flexible Tenant Purchase Schemes (TPS), AHB continues to redefine accessibility and affordability in housing.

To our long-standing institutional partners - Architectural Association of Kenya (AAK), Institution of Surveyors of Kenya (ISK), Institute of Quantity Surveyors of Kenya (IQSK), Estate Agents Registration Boards (EARB), Town and County Planners Association of Kenya (TCPAK) Kenya Mortgage Refinance Company (KMRC), Kenya Green Building Society (KGBS) Institute of Surveyors of Kenya (ISK) and Kenya Property Developers Association (KPDA) among others, we sincerely thank you for your steadfast partnership and shared vision.

To our valued exhibitors, your innovation, creativity, and consistency continue to fuel this platform's excellence year after year. To our visitors, who come in their thousands to explore, learn, and engage.

To our partners and sponsors, your contribution to Kenya's growth story is immeasurable. The Kenya Homes Expo has evolved

ELEVATE YOUR CREATIVITY

into much more than an exhibition; it has become a dynamic ecosystem of collaboration - a place where private and public sectors unite, where ideas are exchanged, and where solutions for a better tomorrow are born.

Each edition of the Expo strengthens the synergy between developers, architects, financiers, government agencies, and suppliers - creating a seamless chain of innovation that drives real impact on the ground.

We also take this moment to applaud the Government of Kenya for its steadfast leadership and determination in advancing the Affordable Housing Programme, a flagship initiative that continues to uplift lives and inspire hope.

This national mission resonates deeply with the core values of the Kenya Homes Expo, where every exhibitor and partner contributes to building not just houses, but communities, opportunities, and legacies.

The theme for this year's edition - "Elevate Your Creativity" - captures the heartbeat of our times. It is a call to action for every professional and stakeholder to innovate, design, and deliver with renewed vision. As technology, sustainability, and modern living trends reshape our industry, creativity becomes the foundation upon which progress is built.

It reflects our shared aspiration to rise above limits, challenge convention, and reimagine the built environment to meet the evolving needs of a modern Kenya.

The Kenya Homes Expo has stood as the beacon of excellence and innovation in real estate and construction across East and Central Africa, hosting thousands of exhibitors and visitors and generated countless partnerships, sales, and investment opportunities.

Once again, welcome to the 38th Boma Yangu Kenya Homes Expo - where ideas meet opportunity, where innovation fuels progress, and where together, we build the future of Kenya.

Daniel Ojijo, Executive Chairman, Kenya Homes Expo

Ministry of Lands, Housing and Urban Development has been in existence, though as different departments of various ministries that implemented housing policies at different times. This can be traced from the 1960's, 1970s and the 1980s.

In the 1980's there existed the Ministry of Housing and Social services, which later became the Ministry of Housing. Between 1990s and 2004, Housing was together with Roads and Public Works as the Ministry of Roads, Public Works and Housing.
